

Dear Parent / guardian

This is a project we were doing on Elim's Missionaries.

We have been studying the life of Paul and wanted to bring it to life by looking at Elim's own missionaries out in the field.

The kids are being asked to **pick one of the many missionaries listed** by their picture and country they are working in and find out as much as they can about that missionary and their work.

Over the next couple of weeks they can write/draw about; (Be as creative as you want).

- The country
- The main language spoken
- The number of people living their
- Their national food, customs etc.
- They can also then find out as much as they can about their chosen missionary
- When did they feel led to be a missionary?
- Was it hard?
- What has been the most challenging thing they have done?
- What has being the most rewarding?

They can take a couple of weeks to cover this until we have some more clarity about when we will return to regular Fusion Sunday activities and times

We will look for ways to share the results with the rest of the group perhaps on WhatsApp or something similar until we get the All-clear to start meeting again.
